Outdoor Poly Furniture

Welcome.

We would like to welcome you to Meadow Breeze Furniture. We invite you to browse our extensive line of outdoor furniture, with a hand-crafted quality that is hard to find in today's world of mass produced furniture. Whether you are looking for a picnic table for your cabin, comfortable seating for your porch or stylish patio furniture for your deck, we're confident that you'll love our options, all in maintenance-free poly. We stand behind our products and our workmanship, giving you the quality that you desire and deserve.

About Our Materials

WHAT IS POLY LUMBER?

Poly Lumber is derived from post-consumer polyethylene bottle wastes such as milk and juice containers. This material is cleaned in a decontamination process to a purity level of over 99% HDPE. It is then compounded into rigid board stock. Unlike composite lumber, poly lumber is constructed of over 90% high density polyethylene and contains no wood fillers, resulting in a product that will last a lifetime.

WILL IT FADE? Our Poly Lumber contains UV stabilizer which minimizes material breakdown from prolonged sun and weather exposure; however, red and orange are the most susceptible to fading.

TEN YEAR WARRANTY Our Poly Lumber Furniture comes with a ten year limited warranty covering defects in workmanship, the integrity of the poly lumber material and construction hardware. Minimal color fading is excluded from the warranty. Specific warranty information is available from Meadow Breeze resellers. Ask your sales representative for more details.

RUSTIC POLY is an optional upgrade. It is a treat for the eyes and for the hand. Rustic Poly features variation in the color almost like a woodgrain to give it a look similar to real wood. Rustic Poly also adds texture to the finish, to further imitate the feel of wood. Looking for the feel of real wood with the durability of poly? It's here!

*Rustic Poly available only in these 4 color options. See page 23 for more details.

CONSIDER THE BENEFITS

- Will not grow mildew, crack, split, warp, or rot.
- Available in many different colors to match your home or support your favorite sports team.
- UV Stabilized - no winter storage required.
- Chemical Free.
- No painting or staining ever.
- Does not absorb water - dries within minutes.

We select hardware components for durability, including powder coated, stainless steel, and zinc coated. All screws and bolts are 316 Marine-Grade Stainless Steel.
